Email:

## Location Data

Company name:

Address:

Country:

Temperature in summer:  °C (average)

Temperature in winter:  °C (average)

Relative humidity:  % (range)

Altitude above sea level:  m

## Technical Requirements

Capacity:  tons/hour by continuous production

Working hours:  hours/day

Batch size:  kg

Batch time:  min

single grinding

Grinding process:

screening:

others:

Mixed grinding of materials for:

	Screen Ø [mm]	or	expected fineness
<input type="checkbox"/> cattle feed	<input type="text"/>		<input type="text"/>
<input type="checkbox"/> chicken feed	<input type="text"/>		<input type="text"/>
<input type="checkbox"/> pig feed	<input type="text"/>		<input type="text"/>
<input type="checkbox"/> pet food	<input type="text"/>		<input type="text"/>
<input type="checkbox"/> aqua feed	<input type="text"/>		<input type="text"/>
<input type="checkbox"/> wood	<input type="text"/>		<input type="text"/>
<input type="checkbox"/> other*	<input type="text"/>		<input type="text"/>

\* which product?

## Feed Material

Specific weight:  kg/l

Fat content:  %

Maximum particle size:  mm

Temperature feed material:  °C

Please provide mixed grinded raw material composition.

## Facility Data

Available space:  [mm] X  X

Electricity:  Volt  50 Hz  60 Hz

## Additional Information

e.g. timeline, budget of the project, etc.
